How many windows **total** will you consider once satisfied (volume discount based on this):

Notes:

Save, fill out and email this excel sheet in to eric@windowinserts.com for an estimate.

Sheet can be faxed in to (888) 489-9462 - no cover sheet needed - emailing this excel sheet is best.

In order to get a starter window, we need to know how many you'll consider once satisfied.

Your multi unit volume discount is based number and sizes of all your windows. Try one, you'll get the rest.

A starter window is usually a single smaller window or standard size window split for shipping reasons.

Measure the opening where the insert will be pushed into, a larger air pocket is usually better.

	eg. LR, KT, MBD	Use inches and eigths or sixteenths if possible. e.g. 25 5/16						White or
	BD1, Bth, DR	Width	Width	Width	Height	Height	Height	Brown
