How many windows total	will you consider once	eatisfied (volume discount ha	sed on this):

How many windows **total** will you consider once satisfied (volume discount based on this):

Notes:

Measure the opening at the spot where you want the inserts to fit. An inch or more from the existing glass is preferred. Inserts are 1/2" thick, make sure you have room behind window treatments.

Use one width and one height to order online. Check the opening and record one width and one height If needed, note all six measurements of any that are more than 1/4" off or odd.

For odd sizes or help, email completed form to eric@windowinserts.com

	First Save, fill out and email in this excel xls file if needed after ordering online.						Tan or
